

Documentation Working Group Triennial Program 2008-2011

- Promote the digitization and digital capture of artifacts.
- Promote the conservation of documentation created during research and conservation.
- Provide a contact point or mailing list for database users to share software, tools, thesauri, dictionaries etc.
- Develop multilingual dictionaries / thesauri etc.
- Provide a set of guidelines for best practice for digitization.
- Produce one newsletter.
- Hold interim meeting in 2009 on digitization and public access (mobile wireless).

Coordinator: Kriste Sibul
